### IMA Code of Conduct

Preamble: As member of Indian Medical Association and as qualified physician, the conduct of a registered Medical Graduate is governed by the Ethics and the regulations pronounced by Indian Medical Council Act 1956.

As very important part of society and nation building:

1. I have read & agreed to abide by regulations under Indian Medical Council act, especially Professional, Etiquette & Ethics) Regulations 2002 and its subsequent amendments.
2. I solemnly pledge myself to consecrate my life to the service of humanity & maintain utmost respect for human life from the time of its conception.
3. I shall practice my profession with utmost conscience & dignity.
4. I shall extend my teachers & fellow colleagues respect and gratitude legitimately due to them.
5. I shall respect the privacy & secrets of my patients that are confided in me for professional reasons.
6. I shall honour the autonomy of my patients to make decisions.
7. I shall uphold both beneficence & non-malfeasance in treating my patients.
8. I shall respect human dignity, esteem, prestige, rights & fundamental freedom of all my patients.
9. I shall take both informed consent & inform refusal from my patient towards any medical or surgical treatment.
10. I shall hold diligent regards to cultural diversity and pluralism.
11. I shall protect individual & groups of special vulnerability & respect the personal integrity of such individual and groups as the case may be.
12. I am committed to ensure that the selective sex selection is stopped at all levels and by all means.
13. I shall faithfully comply with all the Regulatory and Statutory stipulations.
14. I shall not accept any gifts, pecuniary benefits or gratification from the pharmaceutical companies, equipment suppliers and diagnostic centers or similar agencies.
15. I shall not indulge in any activities that are immoral, unethical or illegal in the eyes of the applicable governing laws and also the prudence.

### FLAG SALUTATION

We, the members of Indian Medical Association

stand here to salute our national flag.

Its honour and glory shall be our light and strength

and its course shall be our course.

We pledge our allegiance to it and realizing our responsibilities as the accredited members of this national organization,

we swear we will dedicate everything in our power to see it fly high in the comity of nations.

Jai Hind !

Long Live IMA!

---

### IMAPRAYER

May everybody be happy

May every one of us see to it

That nobody suffers from any pain or sorrow

I do not ask for crown

Nor I wish to be in Heaven or reborn

I only want to alleviate the suffering of those people

who are burning in fire of sorrow

MINUTES OF THE 216TH MEETING OF THE CENTRAL WORKING COMMITTEE OF IMA
HELD AT CHENNAI, T.N. ON NOVEMBER 12-13, 2016

The members were present as per Attendance register.

The dignitaries were invited to the dais. Then, the Hony. Secretary General, IMA, Dr K K Aggarwal adorned the National President, Dr S S Agarwal with the Presidential Medallion. The National President then called the meeting to order and requested Dr K K Aggarwal to take up the Agenda of the meeting.

IMA Prayer and Flag Salutation
Dr K K Aggarwal then requested the members present to stand up for the IMA Prayer followed by the Flag Salutation. The same were duly invoked.

Condolences to Departed Souls
The House then stood up to pay their tributes to the contribution of those members of the Association who had departed for their heavenly abode since the last meeting of the Central Working Committee of IMA. The contribution of the departed members to the medical profession and the Association was duly acknowledged by the House.

Welcome of delegates by host branch
After the condolences, T.N. State Branch leaders welcomed all the members of the CWC to Chennai and hoped that all the members were having a nice experience. The House resolved to bring it on records its deepest appreciation and applaud for the magnificent arrangements made by T.N. State Branch, IMA to make their participation comfortable.

Address by National President – Dr S S Agarwal: In his Presidential Address, Dr S S Agarwal welcomed the President, World Medical Association, Dr Ketan Desai and joined the House in congratulating him on assuming the prestigious post. He said that the medical profession of the whole country is delighted on this achievement of its great leader. He then said that today the medical profession is again facing attack on its autonomy with the proposal of the Government to form a combined Council of all systems of medicine in the country. The members expressed their deepest anguish over this proposal of the Government and unanimously condemned this proposal. All members were of the opinion that this proposal needs to be opposed with full force in the interest of the health of the common man and for the autonomy of the medical profession. The House expressed its common sentiment that in the present scenario and with the developments in the healthcare systems, it has become necessary to amend the existing Indian Medica Council Act. However, a common umbrella National Medical Council was not at all acceptable as a resolution.

The House authorised the IMA HQs. to plan and execute all steps necessary to stop the implementation of the NMC Bill. The House was of the concerted opinion that although the concentration of the whole nation would be on the demonetisation announced by the Government, the nation-wide Satyagraha proposed by the HQs. to be held on November 16, 2016 should be executed with fullest participation of all the medical professionals from all specialities and Family Practice. It was decided that the main centre of opposition should be at Jantar Mantar, New Delhi and should be attended by maximum number of leaders from all over the country. The leaders of all States promised to join the Satyagraha Dharna at New Delhi besides ensuring similar Satyagraha movements in all districts and cities of their States at the same time on the same day. As a part of IMA one voice, same type of Memorandum were agreed to be submitted to the various Government health officials in every district and city.

The House approved a suggestion to request all the States to raise funds at its level for the IMA HQs. for
the Satyagraha movement as and when requested by it.

**Agenda Item No. A - 2.: Discussions and Deliberations: Issues raised by IMA to the Inter Ministerial Committee related to CEA, PNDT, Compensation, Violence & Crosspathy**

The House was informed that the Government has failed to deliver on its promise to provide suitable resolutions to the five demands of IMA for the medical profession within the promised timeframe. The House was informed of various roadblocks in the provision of resolutions on our demands. The members again expressed their deepest anguish over the reluctance of the Government to provide resolutions to the demands of IMA and the medical profession. All the members were requested to come forward and use all their resources in their States and in the Central Governments to remove any roadblocks. It was decided that besides NMC, our 5 demands will also form part of the proposed Satyagraha movement to be organised on September 16, 2016.

Dear Colleagues,

Please find below a summary of my activities.

1. Attended the All India Medical Conference Amritsar, Dec 27-28, 2016 and the swearing in of the new office bearers.

2. Participated in the IMA leaders meeting at New Delhi on Jan 7-8, 2017.

3. "Meet the Press" at Kottayam (the Press capital of Kerala) highlighting the activities of IMA, and warning on the dangers of the National Exit Examination, National Medical Commission and the assault on doctors and hospitals. This received widespread news coverage.

4. Inaugurated the IMA Protest Day against NEXT at Thiruvalla, Kerala on Feb 1, 2017. The protest dharna and rally were attended by nearly 1,000 medical students and IMA members. In his address, Roy Abraham Kallivayalil, National Vice-President, IMA called upon the Central Govt and the Union Ministry of Health to abandon its plans to bring in the National Exit Examination (NEXT) for MBBS graduates, after their internship. He said, this is a highly retrogressive step and will bring severe harm to public health. NEXT will make a mockery of the Universities which conduct the MBBS examinations and the Medical Council of India who is empowered to supervise and regulate at every stage of the medical education. India already has 30% shortage of qualified doctors in modern medicine. Ill-conceived moves like this will further aggravate this situation. Dr Roy said, Hon Supreme Court has already brought in the National Eligibility cum Entrance Test (NEET) for all Medical Colleges in the country now. This will ensure quality of admissions. Then onwards it is the responsibility of the Universities and MCI to maintain the highest standards of medical education. Medical examinations are not merely theory or MCQ based but with an integral and most important clinical exam component. Thus more than theoretical knowledge, clinical skills are crucial for a young doctor. To have NEXT which is merely MCQ based as a substitute will endanger the lives of common man. IMA is not against a common final MBBS examination for all medical students across the country. It appears, there is a hidden agenda in this to promote the interests of foreign medical graduates (FMGs). Since their training and standards are questionable, they are now required to appear for a screening test. If NEXT comes, they will be spared from this screening test and it will facilitate their interests. IMA fully endorsed the stand of medical students, 'Say No to NEXT'. He said, IMA will also staunchly oppose the move to bring in the National Medical Commission (NMC- which is a nominated body) to substitute the MCI which is an elected body, to safeguard the interests of public health. Dr Aj John, President IMA Tiruvalla presided. Dr A Ramalingam (State Treasurer, IMA), Dr TJ Varghese, Dr Prasad Cheeramattom, Dr Kurian Oommen, Dr Jayachandran Nair, Deejo Jose (Chairman, Pushpagiri Medical College Union), Ms Karishma George and others spoke on the occasion. Later the medical students and doctors conducted a protest march at Tiruvalla. 'The Hindu', one of India's most influential news papers carried a detailed report on this. The link is http://www.thehindu.com/todays-paper/tp-national/tp-kerala/IMA-asks-Centre-to-abandon-NEXT/article17131106.ece

5. Participated and spoke at the SWC of IMA Kerala on Feb 19, 2017.

6. Addressed public meeting on March 9 at Palai, organised the Kidney Foundation of India.

7. Spoke at the IMA Kerala VAJRA Yatra led by State President Dr VG Pradeep Kumar and State Secretary Dr Samuel Koshy on March 10, 2017

8. Addressed Palai IMA on March 28, 2017 on the various schemes and programmes of National IMA.

9. Maintained close links with the States of Tamil Nadu, Karnataka, Maharashtra, Gujarat and Goa (under charge) especially through email.

32. In the absence of an intent and in the absence of mean rea criminal charges should not be against doctor and for that it was suggested to prepare a draft guidelines for the circulation in the CWC Meeting at Kolkatta.
33. Any clinical establishment act across the country in all states they must clarify that doctor is suppose to have minimum degree or skill and knowledge similarly all hospital and medical establishments are required to purses of an average degree of infrastructure care and service.
34. Based on the resolution passed on 1-4-17 during the IMA Action Committee Meeting that CEA is
a national issue whatever letter is being sent by the state to their respective unit that will be circulated to everyone. So whatever is passes will be circulated to every body

35. Inter-Ministerial Committee points Clarifications on the Report of the Committee finalized on 30.3.2016 • Committee was constituted under the Chairmanship of Additional Secretary (Health) to examine the issues raised by Indian Medical Association (IMA). Accordingly, three (3) consecutive meetings of all Members of the Committee were held on 8.12.2015, 5.1.2016 and 30.3.2016. The Committee finalized its report on 30.3.2016. • Further, to clarify certain issues raised by IMA, a meeting under Chairmanship of AS&MD (NHM) was held on 8.11.2016 and under the Chairmanship of AS (H) on 23.12.2016. •

36. The issues raised by IMA have been discussed in detail and following decisions were taken: Term of Reference Single doctors’ establishments should be exempted from the purview of the Clinical Establishment Act (CEA) and the need for pre-registration inspection may not be there for those clinical establishments which already have entry level NABH accreditation and above.

37. IMA is for decriminalization of medical practice. The penal provision in practice should only be applied when there is mens rea and clear cut intent on the part of the doctor to harm.

38. IMA is for single window accountability through a centralized or a State mechanism. Currently a doctor can be charged simultaneously under CPA, MCI, State Medical Council, Human Rights Commission, State Clinical Establishment Act, IPC and under various Special Acts like Environment, Surrogacy, organ transplant, HIV-AIDS, PCPNDT, CEA, Water Acts etc.

39. IMA is also for single window registration of medial establishments. All other registrations should be through the same window.

40. IMA Bye-laws defines “To work for the abolition of compartmentalize in medical education, medical services and registration in the country and thus to achieve equality among all members of the profession”. IMA is for same laws and regulations applicable to both Govt. & Private Sector.

41. IMA is for accreditation of medical establishments and is against license raj.

42. IMA has zero tolerance for Cuts and Commission and unethical practices. Anybody charging, giving or receiving money without providing any service, is unethical. 8. IMA Policy is to honor the dignity of any live or dead person.

43. Any proposal which is sent by a member and if he is now satisfied with the answer the matter shall be placed before the IMA Grievance Cell.

44. Protocol and National President, Past National Presidents and National President elect is remain same

45. Protocol of Hony Secretary General, Past Hony. Secretary General will also remain the same.

Following suggestions were made during the meeting.

• It was suggested that Aao School Chalen Project should be promoted.

• Contact details (mobile Nos and email ids) of all the office bearers of each and every state/ local branch should be provided to IMA Hqrs for wider circulation of the issues

• Every state should promote cuts and commission

• Demand of IMA should be as document not as verbal

• Members were requested to promote campaign :Poochna Mat Bhoolo

Suggestion to Bengal regarding West Bengal CEA-2017

It was also asked its Bengal chapter to engage with the government and push for legal safeguards for doctors and insulate them from knee-jerk actions. Ironically, the Trinamool Congress-dominated Bengal chapter has been among the bill’s vocal advocates.

“The court is always there, but as the last resort. For now, we have decided to ask the state IMA to approach the state government for making a few amendments in the act. We will wait and watch for the kind of response we get from the government before we decide on our next move,” said Dr K K Aggarwal, IMA national president. According to sources, many state chapters in the meeting cited similar laws which either exist in their state or have been proposed.

Power Point presentation were given by the State Presidents and Secretaries. National President requested States to provide IMA Hqrs all their, needs and demand as proposal to IMA HQ.

In the end of meeting Dr R N Tandon thanked everyone for their presence. He also mentioned about the involvement of IMA members in all the government issues which shows the unity of IMA. He once again appreciate the house for their participation.

IMA Action Committee Decisions: 1st April 2017

All resolutions were discussed, approved and passed unanimously.

1. All national issues will be dealt with by IMA (Hq) even if the cause of action had arisen in a state.
2. All the state issues likely to have national impact have to be informed to the IMA Hq. The same shall be dealt as per the directions of IMA Hq.
3. Consensus in a state means majority opinion amongst the local branches of a state or SWC or State Council as the case may be.
4. Consensus at national level means majority opinion amongst the state branches and/or CWC members.
5. In all national issues, decision of IMA hq shall be binding.
6. Whether an issue has national repercussions will be ascertained from the CWC members or the state branches.
7. If any state branch refuses to obey the directives of IMA Hq, the case will be referred to Grievance Redressal and Disciplinary committee of IMA Hq.
8. In a state level issue if a non-IMA organisation seeks the support of IMA at national level it has to be channelized by the state branch in an appropriate format, either as a signed letter or an official e-mail.
9. However, when issues of the profession arise, IMA Hq reserves the right for suo moto action.
10. Modes of protest will be decided by the Action committee of IMA Hq. However, any protest shall allow attending of emergencies.

Milestones for Team Digital IMA! - IMA Teleconferencing services
Interactions of IMA HQs. Office Bearers with National & State Leaders

Report

Another milestone in Digital IMA!
The Team Digital IMA Teleconference was inaugurated on February 18, 2017 when Past National Presidents were connected to each other through this new Digital IMA service where all the participants discussed various issues of medical importance and took a few decisions for implementation.

This was followed by a telephonic conference of National President, Dr K K Aggarwal, National Vice President-Elect, Dr P S Bakhshi and Honorary Secretary General, Dr R N Tandon with State Presidents from Northern States of Delhi, Haryana, Himachal Pradesh, Jammu & Kashmir, Punjab & Rajasthan was organised on Tuesday, February 21, 2017.

Agenda Item No. B-12

Report of IMA Building at Kolkata

It is the proud privilege and great honor of IMAHQ’s Building, Kolkata to present the activity report on the Administrational matter, proper functioning and Audited Accounts of IMAHQ’s Building, Kolkata before this august gathering of 217th meeting of Central Working Committee of IMAHQ being held in Kolkata on 15th. and 16th. April’2017.

Renovation Works done & needed:- The main structure of the building outside and roof’s top works have been done partly and more repairing works need to be done. The height of the boundary walls need to be raised. The meter box installation area should be covered with permanent structures. The repairment of maximum number of the doors and windows are to be needed urgently. Only the front side of the main building has been painted. The other three sides are to be painted. Some of the renovation works have been done but major portions are to be renovated.

We have a plan to convert the Non-A/C double bedded room to a Deluxe room because of that in most of the seasons this room is lying vacant due to lack of comfort. So it can be converted into a Deluxe Room.

For the roof top shed, boundary wall & pavement on all four sides, permanent structures for covering the meter box area, renovation and up gradation of all the rooms, converting the non-a/c room to a deluxe suit along with painting of the whole building around Rs. 30 lakhs is needed for the same.

1) Fabrication & installation of Roof top Shade Rs. 6,50,000.00
2) For conversion of Non-A/C room to Delux Room Rs. 1,50,000.00
3) For raising of the height of the boundary walls Rs. 3,00,000.00
4) Painting of the house & Boundary walls Rs. 5,00,000.00
5) Renovation & upgrading of 8 rooms including toilets, Rs.12,50,000.00
dining hall to Super Deluxe Rs. 1,50,000.00
6) To cover the Meter Box area Rs. 30,00,000.00

Total Rs. 30,00,000.00
Hence we require a fund of 30 lakhs to make the prestigious IMAHQ, Kolkata building to make it a standard one.

**Staff related matters:** IMA guest house requires round the clock service. We have only 3 attendants, 2 staffs. And 1 contractual staff. We need more permanent staffs (at least 2 attendants) to run the guest house smoothly. We need permission for recruiting the same.

**Liabilities:** There are no liabilities of IMAHQs at Kolkata till date except the EPF issue which has been amicably settled and some parts of the Dues have already been paid.

**Revision of the Guest House rent:** With the permission of the concerned Authority of IMAHQ the revised rate of the rent of the IMAHQ’s Guest House at Kolkata is as follows:

<table>

**Space lying vacant:** In the Basement area there is a space of about 1000 Sq. feet area is lying vacant. We can use that area on Rent or Lease basis after renovation. We want the permission & Financial help from IMAHQ so that we can earn more revenue from that vacant area after renovation for the greater interest of IMAHQ. We can ask for quotation for renovation of that area after getting permission from the concerned authority.

**Official visit & follow up:** Many of the IMAHQ Office bearers including Past National Presidents, Past HSGs & other Leaders of IMAHQs had the courtesy visit to this Prestigious Guest House. They all have agreed about the necessity of renovation of this Guest House on an urgent basis. We appeal to the National IMA Leaders, particularly to the National President & HSG to take up the matter immediately.

My sincere thanks to Padmashree Dr. K. K. Agarwal, National President, Dr. Ravi Wankhedkar, National President Elect, Dr. R. N. Tandon, our dynamic HSG, Dr. V. K. Monga, Hony. Finance Secretary, IMAHQ and all the IMA National Leaders for their full support in running the guest house smoothly. I am also grateful to Dr. Ketan D. Thanks also to all the Office Staffs of Building, JIMA and Your Health for their full co-operation during this period.

**Dr. Santosh Kumar Mandal**
Hony. Jt. Secretary, IMAHQ, Kolkata.
This year, Mrs. Veena Gupta from the HFC Section and Ms. Geeta Nigam from the Front Desk have since attained superannuation after attaining retirement age. They were given a suitable farewell and all their dues were cleared at the time of their retirement.

Minutes of meeting of office bearers of Team Digital IMA with the staff of IMA HQs. held on Monday, January 16, 2017 at IMA House, I.P. Marg, New Delhi

A meeting of all staff members of IMA HQs. with the office bearers of Team Digital IMA was organised on 16.1.2017 at IMA House, New Delhi.

The meeting was attended by the following Office-bearers of IMA:
1. Dr R N Tandon, Hony. Secretary General, IMA
2. Dr V K Monga, Hony. Finance Secretary, IMA
3. Dr Anil Goyal, Hony. Joint Secretary, IMA
4. Dr Vinod Khetarpal, Hony. Joint Secretary, IMA
5. Dr Ashwini Kumar Dalmiya, Hony. Joint Secretary, IMA
6. Dr Manjul Mehta, Hony. Joint Finance Secretary, IMA
7. Dr Dinesh Sahai, Hony. Asstt. Secretary, IMA
8. Dr Amrit Pal Singh, Hony. Asstt. Secretary, IMA
9. Dr Naresh Chawla, Hony. Joint Secretary, IMA CGP
10. Dr Ramesh Dutta, Hony. Joint Secretary, IMA AMS
11. Dr N V Kamat, Principal Advisor, IMAHQs

The HSG welcomed all the office bearers present and introduced them to the IMA Staff.

HSG expressed his desire that all the staff members should come forward with proposals for acceptance of additional responsibilities which they can shoulder in view of imminent shortage of staff due to the approaching retirement of some of staff this year.

Then all the staff members were asked to introduce themselves to the new office-bearers along with work assigned to them.

After the meeting, the following points were emphasized:
1. Need is felt for proper training of all staff in modern day management of office affairs. Dr Anil Goyal to work out a system for the same.
2. The zeal and enthusiasm to carry out even the work currently assigned to the staff is lacking in them. There is a need of sincerity among the staff to accept additional responsibilities and carry them out honestly in addition to the jobs currently assigned to them.
3. HSG requested all staff members to control the pitch of their volume in IMA premises as it was difficult to tolerate the same.
4. It is proposed to devise some strategy for declaring “Worker of the month” in all levels of pay scales to infuse enthusiasm among the staff for efficient working.
5. All staff members of the HFC section should be self-sufficient to handle all types of membership requests from the section without the need of assistance from their section incharge.
6. System to be devised for common printer for L.M.Certificates in HFC section and arrangement for backup so that work does not get hampered in case of breakdown of the same.
7. All inward dak to be diarised and distributed preferably on the day of receipt in IMA itself to ensure faster action on the same.
8. System to be devised and strictly followed for follow up of movement of dak from one desk to other or one section to other until it is finally disposed off and filed.
9. System to be devised by all Heads of the departments to ensure disposal of all jobs in a time-bound manner.
10. Minimize usage of paper in IMA office as far as possible – All Heads of departments to suggest ways to do so in their respective departments.
11. System to be devised so that there is a uniformity in volume of jobs assigned to all staff members of IMA so that no staff us unduly overburdened whereas others are somewhat relaxed.
12. The capabilities of all staff members to be revisited so that they can be used to the fullest in existing additional and new assignments and projects planned. A special mention was made to the assignment of upcoming proposal to connect IMA HQs. to all State and local branches on a regular basis through Video conferencing etc. It was felt that the calibre of some staff like Mr. Anand Bakshi can be upgraded through training etc. to use their services for upcoming proposed jobs in IMA.
13. All department heads to work out and propose training schedules for their subordinates by the end of this week so that they can be utilised for additional assignments.
14. The incharge of accounts section was advised to...
assign additional duties to the current staff deputed in his section under consultation with Honorary Finance Secretary, Dr V K Monga.

15. There was felt a need for Work Manual for accounts staff in order to extract the maximum output from the staff employed in the accounts department. HFS to look into the same.

16. The incharge of accounts section was asked to ensure that the Cashier’s desk be digitised using the Tally accounts software package installed in IMA HQs. for immediate updation of cash transactions in the software.

17. Receptionist Ms. Geeta Nigam was advised to identify and prepare some other staff member in consultation with Building incharge as her replacement after her retirement.

18. Process to be initiated by IMA Building department for purchase of 2 chordless microphones for IMA Convention centre

19. IMA Building to be declared as Zero Tolerance Zone for Tobacco usage – all staff to strictly adhere to this. All outsiders and tenants to be strongly requested to observe “No Tobacco” norms in IMA premises

20. Special care to be taken to ensure best hygiene in IMA kitchen. Building and Kitchen incharge to undertake all steps to ensure the same in consultation with HJS, Dr Ashwini Dalmiya

21. Proposal to be worked out and put up for complete coverage of the IMA Building under CCTV. Building incharge to work out the same and present the figures.

Dr. Vinod Khetarpal
Hony. Joint Secretary, IMA

Activity report of Journal of IMA

We are thankful to the National Leaders for their faith on Kolkata Office Bearers in bringing out this Age old Publications from Kolkata again. We seek your continuous guidance to improve the Journal. After a long struggle with Postal Department and RNI department all the obstacles for posting of JIMA has been cleared. Postal Department fixed the date of dispatch as on 21 & 22 of every month. March issue of JIMA has been dispatched to all the members on 28 & 29th March with special permission. April, 2017 issue will be released by the hands of our Leader of leaders, Dr. Ketan Desai, President, World Medical Association on 15th April at The Oberoi Grand, Kolkata during this CWC Meeting.

Academic Activities: As publication of JIMA was temporarily suspended for last two years, academic activities were being done under the banner of JIMA in the form of CMEs and Conferences.
Library: We are making JIMA library more attractive and viable for the readers.

Editors Conference: We are planning to host Editors Conference in the month of August, 2017 subject to the availability of the National Office Bearers.

Pending HFC: We appeal to the IMA HQs. to send the HFC and list of new members immediately so that we can send JIMA to them as well.

New Reviewers: We are appointing new Reviewers. We request the Hon’ble Members to nominate academicians as Reviewers from respective States. Articles of one state would be reviewed by reviewer of the other States.

Selection of Articles: JIMA Committee has resolved that the publication of maximum articles from the States other than West Bengal to give it a real pan India flavor.

Meetings of JIMA: We are holding JIMA Committee meetings on 3rd Thursday of every month. We appeal National President, HSG, Hony. Finance Secretary to be present in any of those meetings as per their convenience or send their representatives, if possible

Procurement of Advertisement & Sponsorship: We appeal to the Hon’ble Members to help us in procuring Advertisement/Sponsorships

Special Issue: We will be publishing a few Special Issues dedicated to one subject in this year. We appeal to the members to send evidence based Articles for JIMA. Every suggestion is welcome for betterment of JIMA.

Long live JIMA, Long Live IMA !!!

Activity report of Your Health of IMA

It is the great honour of the your health of Indian Medical Association Committee to present the report on the Functioning and administrative matter of “Your Health” before you.

After taking charge of this publication in December 2016 we are trying our level best for up liftment and to increase its circulation in every aspect as per guidance of Dr K K Aggarwal, National President, IMA.

Here are some out lines of “Your Health”:-
A. PUBLICATION: we are publishing different issue in each month. here are the list of last 4 issues.
   i) January 2017 IMA Community service day
   ii) February 2017 IMA Anti Leprosy Day
   iii) March 2017 IMA International Women Day
   iv) April 2017 World Health Day – Depression Lets talk
All the issues are highly appreciated by the readers.

B. CIRCULATION: We are dispatching the issues on 5th-6th day of each calendar month we arrange meeting of your health committee on every Wednesday of the week to select and other printing and official activity. We are sending it to the honorable office bearer of IMA Hqrs, IMA CWC Members, all State Presidents. Hony. State Secretaries and Subscribers, Honorable Ministry Govt of India and Homb’le member of Lok Sabha and Rajyasabha. All the Govt. of W.B State Govt. Hospitals.
Circulation has increased up to 5,000 per month.

C. FINANCIAL POSTION: The financial position is to be improved by means of advertisement collection and sponsorship from corporate hospital we are trying to increase revenue generation. But still we are in critical condition as the carried forward deposit till date 21 Lac. To minimize these deficit through 1)CME 2)Collecting Adv. and increasing the membership & donation.

D. ACADEMIC ACTIVITES: We arranged debate on “International Women Day is relevant in Todays perspective” on 9th March 2017 along with inauguration of the March issue. We have planned to organized CME programme in very near future.

E. OUR APPEAL: our request to all office bearer of IMA CC/CMC members state presidents/ secy all state council members subscribers of this magazine. Kindly help us with your valuable suggestions, sending articles and collection advertisements. With your kind help we can increase the circulation and standard of “your Health” of IMA to a great level. We have an idea to increase the circulation up to 10,000. We request every body be the subscriber of this magazine.

F. OUR GOAL: our goal is to provide Your Health to every corner of our society, so as to reach the common masses and to create a link between medical community and the common public

We are thankful to our National Advisory board, office bearer of IMA Hqrs members of Your Health for their kind co-operation and help. The your health committee thanks to our National President, Dr K K Aggarwal, Hony Secy Gen. Dr R N Tandon and Hony Fin. Sency Dr V K Monga for their continues support.

Report of IMA National Initiative for Safe Sound from 1st January to 31st March

Considering the huge health issues of noise pollution in our country, the National IMA team under the leadership of beloved National President Dr. K K Agarwal, has asked us to expand the NISS activities all over India. With that intention, we have identified six Regional vice chairmen and state coordinators in almost all states except West Bengal, Tripura, Mizoram and Goa. In major states we have more than one coordinator and the list of office bearers is attached.

On 12th March, we have organized the second National conference on Noise and Health at Hotel Le Meridian, Delhi, in which all the officials of NISS including vice chairmen and coordinators have attended in addition to the leaders from Delhi and national IMA. Around 100 delegates participated. The conference was presided over by National President Padmasree Dr. K K Agarwal and inaugurated by Justice Anil R Dave. Past president Dr. Mathanda Pillai, HSG Dr. R N Tandon and other National leaders like DR. V K Monge, Dr V VC Velayudhan Pillai, Dr D R Rai, Dr Alex Franklin & a lot of other National leaders were present.

After introduction of the subject by Dr. John Panicker, National Coordinator IMA-NISS, extensive discussion conducted moderated by Dr. Anil Safaya and Dr. C N Raja, National convenor. There was extensive discussion on various strategies to be implemented in different states. The coordinators were requested to contact respective IMA & AOI presidents to expand the state committees and chart out various programs. Activities being carried out in states like Kerala, Tamil Nadu, Maharashtra (Mumbai), etc were explained. The meeting decided to observe International Noise Pollution Awareness Day which falls on April 26 (the last Wednesday of April), as a NO HORN day throughout the country. The Awaaz foundation convenor, Ms Zumaira Abdulali, spoke on the activities organized by Awaaz jointly with IMA in the last 1 year in Mumbai. It is decided to share informations and materials among the different state coordinators so as to curtail the expenses. Also it was decided to involve non medical persons, NGOs and other sponsors under the IMA-NISS for future activities.

Dr. C N Raja, National convenor has been entrusted to develop a website for IMA-NISS.

In short this meeting was a great experience for everybody and already activities have been started in many states with the support of National IMA. We are sure that this initiative will develop into a people movement all over India with in a short time.

Please find the attached list of office bearers & state coordinators of IMA NISS & some of the photos of the 2nd National conference on Noise and Health held at Delhi on 12th March. We didn’t get nomination form West Bengal & Goa yet.

Report of Activities in 2017 for IMA Prevention of Diabetic Blindness project in association with AIOS

Introduction

IMA Prevention of Diabetic Blindness (PDB) project was originally conceived and launched in the year 2015 by the then National President Dr. Marthanda Pillai and the then Honorary Secretary General of IMA Dr. K K Agarwal. Ever since the PDB Project has been initiated, the program is being successfully launched in different states in a phased manner. The project envisages a dual approach to the Prevention of Diabetic Blindness Program in India. The All India Ophthalmological Society officially joined hands with IMA in the implementation of the program thanks to Dr. Debasish Battacharya, the then President of AIOS and Dr. Quresh Maskati, Past President AIOS. Thus now we have a broader platform and a stronger infrastructure to implement the program. Our ultimate intention is to implement the program in all the states of India. In fact ever since the project has been launched, it has been successfully being implemented in Gujarat, Odisha, Maharashtra, Haryana, Delhi and West Bengal. Now the project is in its third year of existence

PDB activities for 2017

National President Dr. K K Agarwal is very keen on
implementing the PDB program all across the country this year. To achieve this, he has suggested creation of posts of state coordinators in all the states. Accordingly, a State Coordinator and a State Convener have been already nominated in all the states. The IMA PDB activities are now more effectively being implemented in the state. In fact, in many states the coordinators have identified district level leaders also to assist in the implementation of the program.

A National PDB Steering Committee has been constituted for the overall evaluation, assessment and policy decisions. The first meeting of the Committee will be held in July 2017 in Mumbai.

To create and spread awareness on Diabetic Blindness, Information Posters have been made and these are being displayed in the Clinic, hospitals and medical Institutions. The State coordinators in all the States have been requested to promote and implement this PDB awareness campaign in all their respective states. Efforts are also on for displaying these information posters at public places like railway stations, airports, malls etc. These posters are being made in English, Hindi and in vernacular.

The AIOS and IMA is now work together to bring in Voluntary Organizations and governmental agencies into the PDB Project implementation process.

As part of the Diabetic Blindness awareness campaign regular health education messages must be broadcast on Doordarshan and other TV channel. For this the we are approaching the central Government authorities and other concerned to convince them the urgent need to spread the message of preventing blindness from Diabetes in our country.

IMA PDB has come out with a free android app ‘Diabret’ which will help diabetic patient achieve good control of Diabetes and help prevent Diabetic Retinopathy and other complications of Diabetes. We have already initiated action to produce the App on the Apple and the Windows platform as well and will soon be available from the respective App Stores.

PDB has an official Facebook Page ‘Prevention of Diabetic Blindness in India’. IMA and AIOS will popularize this Page and also contribute useful messages on Diabetes and diabetic blindness. The Page will also give all relevant information relating to Diabetic blindness prevention and also update information on the activities of PDB in the country.

We are also looking into the feasibility and efficacy of relatively inexpensive non mydriatic camera to grab retinal images. The initial results have been quite encouraging. We have been able to acquire good quality fundus photographs in high resolution for diagnosing and documenting diabetic retinopathy. In fact two such cameras have been acquired by two private hospitals in Kerala. Even a non-medical trained person can take quality fundus photographs with this camera without dilatation of the pupil. We are awaiting the results of this Pilot Study.

Voluntary organizations like Rotary International also have come out to join hands with us in our fight against Diabetic Blindness Preliminary discussions with them have been quite encouraging. We have final round of parley with the Rotary International at Mumbai on 15 April 2017.

Meanwhile our regular activities are going on in full swing in most of the states especially in those states where the Project has been officially launched. Our aim is to cover all the remaining states by the end of 2017. Many states are already in the process of launching the IMA PDB project in their state. Bihar state has its official launch of the PDB project on 7 May 2017 at Patna. Other remaining states will also follow suit.

Dr NSD Raju
Chairman IMA PDB
**Activity report of IMA Care for Elderly Project**

Chief coordinator Dr. D R. Rai and Convener Dr. Samuel Koshy attended President Secretaries meet. Circular was sent to all the State Presidents, State Secretaries and CWC members to implement the project an effective way.

Kerala State Branch under the leadership of D. M K Paulose State Chairman of the Care of Elderly is working very efficiently. First State level meeting was conducted on 15th January and Circular was sent on the district representative to implement the project in an effective way. A number of medical camps and disease detection camps, get together of senior citizens consoling programs etc…. were conducted in different branches of state to mention a few report received from Perumbavoor, Cochin, Kunnamkulam, Peinthalmanna, Malappuam, Valanchery, Kozhikode, Kollam, Trivandrum branches. Even though many other branches have conducted the program report are not receive.

Wadothara branch of Gujarat, Goa state Kalkatta, Erod banch of Tamilnadu and a number of other branches are conducting the Care of Elderly Programs

We are very sorry to inform that even though programs are conducted in different branches and different states we are not getting proper report. This year we have given circulars to all the state branches to carry out the following programs.

1. **To discuss the project in Branch level for forming modalities of implementing the project.**
2. **Awareness programmes for doctors.**
3. **To arrange special counseling programmes for elders and care takers.**
4. **To contact local body authorities to start day care centres or day care centres can be started by IMA with the help of other organisations.**
5. 'World Elders Abuse Awareness Day' is on June 15th and October 1st is the 'World Elders Day'. These days may be observed in a befitting manner by conducting public meetings, geriatric camps, get together of old people, organising sports and cultural programmes and honouring of senior most citizens or eminent senior citizens in the area. The programmes can be organised as weeklong commemoration.
6. Home care may be arranged for the needy elders.
7. Free medical camps for elders, cataract detection camps, Bone density camps and other rehabilitate measurers.
8. **To declare maximum Care of Friendly hospitals**

   With the help of National President Dr. K K Agarwal Hon Secretary General Dr.Tanton and all other leaders will try to do maximum activities in the rest of the year

Dr V U Seethi Dr D. R Rai Dr Samuel Koshy
Chairman Chief Coordinator Convener

**Report of International activities**

Indian Medical Associaiton is successfully making its presence felt in all International medical Fora. President, World Medical Association, Dr Ketan Desai is leaving no stone unturned to keep the Indian and IMA flag flying high when it comes to International Medical issues.

Indian Medical Association has already accepted to hold the CMAAO General Assembly and Council meeting in 2019 at Goa, where National President, IMA, Dr K K Aggarwal will take over as the President, CMAAO in 2019.

We are keeping continuous good relations with all our International counterparts.

Resolutions brought forward by State / Terr. Branches

1. Resolution passed by Tamil Nadu State Branch, IMA: Based on the complaint received from IMA Virudunagar branch, Dr.A.Selvarajan was suspended from IMA Virudunagar for misappropriation of fund during his period as Secretary at IMA Virudunagar. Earlier, IMA TNSB was enquired the matter by a special committee, appointed by the State President-IMA TNSB, on 06-3-2016 and asked Dr.A.Selvarajan for the expenditure details and receipts of various expenditure what he said to have spent money for various programmes and events, but there was no proper reply from Dr.A.Selvarajan. During enquiry, he has not produced any Receipt for the expenditure. Meantime, IMA Virudhunagar branch had suspended Dr.A.Selvarajan for misappropriation of fund w.e.f. 13-03-2016. Hence, it was decided and passed resolution to suspend Dr.A.Selvarajan from IMA TNSB and the activities of IMA Tamilnadu vide the resolution passed during 286th State Council Meeting held at Thanjavur on 20-3-2016 till the National IMA Headquarters decides on the matter.

2. Resolution passed by Dhule Branch, IMA: "To have the changeover of office bearers of all local & state branches in sync with HQ. IMA foundation day is 28th Dec. HQ change is on that day. While many branches change at various dates. To have better coordination & synchronized work the change of all branches should be 1 month prior to HQ change."

Any other matter with the permission of the Chair
IMA Jan Aushadhi Initiative

IMA has started an initiative to provide quality drugs at cheaper prices in coordination with Bureau of Pharma Public Sector Undertakings of India (BPPI) under the IMA Jan Aushadhi Generic Drug Store Initiative. Under this Initiative the 1st Generic Drug store has been set up in IMA HQs premises at Indraprastha Marg, New Delhi-110 002. The same was inaugurated on 5th June, 2015 by Shri Hansraj Gangaram Ahir, Hon’ble Minister of State for Chemicals & Fertilizers.

- The aims of the initiative include ensuring availability of quality medicines at affordable prices to all.
- IMA invited its state branches to run Jan Aushadhi Stores.
- The IMA-Jan Aushadhi initiative will make available quality drugs at affordable prices through dedicated stores selling generic medicines from standard Indian companies manufactured by BPPI (Bureau of Pharma Public Sector Undertaking) which are available at lesser prices but are equivalent in quality and efficacy as expensive branded drugs.
- BPPI Indian medicines with generic names are likely to be available in India by April in most of the chemist shops.
- IMA doctors, are advised to write drugs with generic name in capital letter (in bracket BPPI) so that they get drugs of good quality from recognized Indian companies.
- Under BPPI logo, drugs from Indian reputed companies will be available at affordable fixed prices.

IMA Independent Ethics Committee

The objective of the Independent Ethics Committee (IEC) of Indian Medical Association (IMA) is to ensure that all biomedical research in human subjects conducted in IMA and its affiliated wings are in accordance with the Ethical Guidelines for biomedical research on human subjects as prescribed by the Indian Council of Medical Research (ICMR). For clinical trials, the IEC will follow the guidelines as prescribed by International Conference on Harmonization (ICH), Good Clinical Practice (GCP) as per Goi and Schedule “Y” of the Drugs and Cosmetics Rules.

The IEC will abide by the following applicable regulatory guidelines:

1. GCP as prescribed by GoI, Drugs and Cosmetics Act and Rules i.e. Rule 122-DAA and Schedule “Y” of the Drugs and Cosmetics Rules
2. ICMR Guidelines for Biomedical Research on Human Subjects
3. ICH guidelines for good clinical practice and Declaration of Helsinki
4. ICMR Guidelines for The Assisted Reproductive Technologies (Regulation)

The IEC will review and approve all types of research proposals on human subjects received from IMA (its states/local branches, wings, affiliated bodies) involving human participants with a view to safeguard the dignity, rights, safety and well-being of all actual and potential research participants. The goals of research, however important, would never be permitted to override the health and well-being of the research subjects. The IEC will take care that all the cardinal principles of research ethics viz. Autonomy, Beneficence, Non-malefice, Confidentiality and Justice are taken care of in planning, conduct and reporting of the proposed research. For this purpose, it will look into the aspects of informed consent process, risk benefit ratio, distribution of burden and benefit and provisions for appropriate compensations (as per law) wherever required. It will review the proposals before start of the study as well as monitor the research throughout the study until and after completion of the study through appropriate well documented procedures, for example, annual reports, final reports and site visits. The committee will also examine compliance with all regulatory requirements, applicable guidelines & laws.

The IMA Polio Vaccine Switch Awareness Campaign

A lot of progress has been made in the global efforts in achieving a polio-free world. But more needs to be done before polio can be eradicated from the world. Replacing trivalent OPV with bivalent OPV is a significant step in polio eradication. The currently used OPV contains all three polio serotypes - type 1, 2 and 3 and its use has led to the eradication of wild poliovirus type 2. The switch from tOPV to bOPV removes the type 2 component (OPV2) from the vaccine. April being the ‘low’ season for polio virus transmission in many countries with endemic polio or recent polio cases, has been chosen as the target month for the switch to bOPV in all OPV using countries. The switch from trivalent to bivalent vaccine has to be globally synchronized to minimize the risk of new cVPD type 2 emergence.

India has been polio-free for 5 years and our government also plans to switch to bOPV as part of the global polio eradication initiative.

April 25, 2016 has been designated as the National Switch Day, when tOPV would be completely withdrawn and replaced by bOPV in both routine immunization and polio campaigns & the country would be declared free of tOPV on 9th May, 2016, National Validation Day. tOPV would not be available after 1st April 2016. bOPV would be made available two weeks before the switch date in private market. But, it is not to be opened or used before the switch date.

IMA Polio Switch Dates

April 1: tOPV would not be available after this date.
April 11: bOPV would be available in private market but it is not to be opened or used before 25th April.
April 25: is IMA Polio Switch Day, when tOPV would be completely withdrawn and replaced by bOPV in both routine immunization and polio campaigns.
May 9: is IMA National Validation Day when India would be declared free of tOPV.

IMA Starts Nodal centre for reporting Adverse Drug Reactions

IMA PvPi Initiative has started a nodal centre at IMA headquarters. All IMA members can now report adverse reactions to drugs, vaccines, medical devices, Blood products and herbal products at IMA PvPi helpline 9717776514, open Monday to Friday 9-5.30PM

Clinical trials only detect common adverse drug reactions as less than 500 human subjects are involved in any trial. Even 1 Adverse Drug Reaction of medicine in 10,000 populations is considered as unsafe.

Adverse Drug Reactions can be known or unknown, serious or non-serious due to drugs, vaccines, devices and blood products.

If you see vomiting, stomach pain, itching, rashes, headache, fever after taking any drug report. Report adverse event to safeguard your patient

My miniscus contribution by reporting adverse drug reactions helps voluminously to promote the safety of more than 1.2 billion population.
IMA HBI: WHY SHOULD MEDICAL ESTABLISHMENTS BE ACCREDITED WITH NABH?

With NABH accreditation, you will be able to:

- Propagate that your establishment offers facilities that are of better quality.
- Propagate that your premises provide high standards of care with high level of patient safety.
- Provide better quality of services and that in turn, will bring in more clientele.
- Get empanelment with CGHS, ECHS, PSUs, and State Government.
- Apply for empanelment with International Agencies.
- Recruit qualified staff, residents and nurses
- Apply for government projects and grants
- Get exemption from inspection under Clinical Establishment Act.
- Face all the provisions of Clinical Establishments Act in a better manner.
- Apply for international grants
- Collaborate with other recognized healthcare establishments
- Generate faith in public that your hospital uses quality drugs.
- Generate faith in public regarding the accuracy of laboratory tests
- Generate faith in public regarding transparency in billing with no hidden costs.
- Provide an infection free, clean, hygienic environment (with minimal hospital acquired infections) to the patients
- Get your establishment recognised for DNB, Internship & fellowship programs
- Strengthen the faith that the hospital complies with standard procedures of care with minimum errors.
- Strengthen the faith that the hospital follows a policy of rational use of drugs including antibiotics, investigations and treatment.
- Inculcate confidence in doctors that their rights are also being respected
- Generate confidence in Public that the hospital will provide safe and secure environment for them.
- Develop faith in Public that the technicians in the establishment are well-trained and qualified.
- Assure the Public that the hospital maintains and strictly follows its infection control policy. Hence, they will be less apprehensive of acquiring infections like Hepatitis B, Hepatitis C, HIV and TB when they come to your hospital.
- Assure the Public that any news story from the establishment, on TV or print, will be scientific.
- Generate confidence among the Public that their right to confidentiality will be respected and their medical records would be preserved
- Gain an advantage in terms revenue generated compared to non accredited hospital as Accreditation means better quality of services
- Enhance the skills and knowledge of your staff further as accreditation will lead to a process of continuous learning and improvement
- Empanel your establishment with insurance agencies and other third parties as Accreditation facilitates such processes.
- Substantially reduce litigation as NABH accreditation means that the medical establishment adheres to standard treatment guidelines.
- Reduce liability insurance costs due to accreditation.
