Sub: IMA observing national protest day and Satyagraha

Respected Sir,

Indian Medical Association has represented to the Health Minister, Law Minister and Consumer affairs minister on various professional issues on multiple occasions since January 2015 and the concerned ministries have acknowledged receipt of these representations.

IMA officials did meet health minister and law minister when invited to discuss some of these issues, at least 3 to 4 times. Both the ministers acknowledged that our demands are right but no action has been taken so far on these issues.

Since these issues are very vital to give the doctors an atmosphere to practice with dignity and safety, to serve the public effectively postponing decision on these issues will not be in the best interest of the profession and public health. We feel that the doors of justice are closed, still we make a final appeal to the Prime Minister in these regard. A detailed memorandum of demands are attached along with this letter as decided by the Central Working Committee of Indian Medical Association.

We hope that you will give a kind hearing to our concerns and take necessary steps felling which the members of the largest medical association in the world (Indian Medical Association) will be forced to show our solidarity to...

IMA/HSG/C-7/859
